# Introduction

SAMPLE

**Caticorn** [kat-ta-kawrn] A mythical modern creature that is a blend between a cat and a unicorn, often resembling a cat with a single unicorn horn on its forehead, and sometimes with the tail of a unicorn.

In the deep forest of the unicorn realm, the collective known as the Caticorns have laid claim to the lands beyond the Mystic Waterfall. They have built a beautiful community full of joy and magic. In this space, many travelers from beyond come to request sanctuary to cultivate their magic.

**Upright Meow-ssages:** Is someone or something keeping you caged like these mice? You might feel trapped, but you actually always have a choice to let go of your obsession and move on. It is easier said than done, but instead of thinking only about the pleasures in front of you right now, take a look at the big picture. See how your addiction to your situation can massively impact your future. The Devil lurking in the shadows is asking you to make a decision to release what is holding you back and take action. The longer you are bound by this behavior, the harder it will be to break free.

**Reversed Meow-ssages:** You have worked hard and taken the actions necessary to get out of the cage that has had you trapped. Things might seem a little confusing right now, because everything is new and different. But soon, that which is uncomfortable will feel more comfortable, and you will remember how good it feels to be free. It is just the beginning of the path of reclaiming your inner magic and power. Stay strong on this journey and don't let the past creep up to devour you again.

## XVI 🐾 The Tower

During a stormy night, out of nowhere, the window blew open and lightning struck the cat tower, causing the Caticorns to quickly abandon their perch. The tower had been their favorite place for the longest time, and everyone is

devastated that now it has burnt to ashes. They have relied on this tower for comfort and now it is suddenly gone. Instead of dwelling on their loss, they have already started to search for their next favorite tower that will be even better than the last one.

**Upright Meow-ssages:** Now, this change might shock you, as it may feel as if everything in your external world that you have come to know and that made you feel safe has burnt to the ground. What the Tower represents is the things that used to work for you that no longer serve you anymore. Therefore, just like a Caticorn with nine lives, you are also being given a chance at a new life. You have an opportunity to upgrade your life and create a new and epic experience.

**Reversed Meow-ssages:** Looking at the Tower card in reverse means turning inward. The upright Tower mentions big shifts and changes in your external world and experiences. The reversed card represents your internal world. This deals with beliefs, thoughts, and the purpose of your life that just doesn't make sense anymore because you are choosing to be a new person. Being this new version of yourself also requires a new set of beliefs. While it can be uncomfortable for a moment, keep focusing on what you now value and believe in to get out of this Tower moment much faster.

## XVII 🐾 The Star

After burning away everything that is not needed in the Tower, now you see the path to your purpose and goals. You have been shown the way, step by step, to achieving your biggest dreams. The Star Caticorn might have felt lost before, but now she knows the way and has faith that everything will turn out amazingly well.

**Upright Meow-ssages:** The sign that you've been looking for is here. What you have been asking for is finally appearing. You are being shown the way forward to achieve your goals. Right now, you are being blessed with amazing fortune and magic. Follow the signs that are being shown to you and take aligned actions toward the full manifestation of your goals and beyond.

**Reversed Meow-ssages:** One of the most powerful energies for manifestation is faith, believing and trusting that you are on the right path. This card assures you that everything you are doing is leading you to success. The reversed Star card might be telling you to check your belief system. Do you truly believe that you can manifest your desires, or are you still doubting yourself? Release all fears and limitations and reach for the stars.

## XVIII 🐾 The Moon

Do you ever talk to the moon? All the Caticorns love conversing with the moon to share their challenges and ask for blessings. The powerful magic of the moon can shine light on the shadows and reveals the answers that you seek to solve your problems. Go outside sometime and have a chat with the moon, and see the miracles emerge in your life.

**Upright Meow-ssages:** The reason why you haven't solved your current challenge is because there are many secrets and things that you didn't know still being hidden from you. Pulling this card means that all the fluff will be cleared up, and soon you will start to see what is behind the illusion. Very soon your confusion will start to be cleared up, so pay close attention.

**Reversed Meow-ssages:** When too many things are revealed at once, you might have an overload of information that can cause you to lose sleep at night. The thoughts keep racing through your head and keep you up. Focus only on what you need to know now and let everything else melt away. You can always write it down, if that helps to release it, and then come back to it later.

## XIX 🐾 The Sun

This Caticorn is having the time of her life in the beautiful sunflower field with her unicorn friend, as the sun shines brightly on this magical day. The Sun Caticorn just received the most amazing news and is celebrating the success by doing what she loves the most, laughing and playing in nature.

**Upright Meow-ssages:** Congratulations, as great success is on its way or has already arrived! Celebrate your wins with joyful energy, and you will attract more success in your life. The sun is shining brightly on you, and you have a clear vision of where you want to go. You now know that all the abundance you desire is within you.

**Reversed Meow-ssages:** The victory that you were going for is a bit delayed. Your goals were not achieved on a timeline that you expected. Instead of dwelling on what has not happened yet and inviting gloomy clouds to cover your sun, focus on what you desire and keep moving forward. The success is still coming; it's just a bit behind schedule.

## XX 🐾 Judgment

The Judgment Caticorn is blowing a trumpet to celebrate the ascensions of these three Kittencorns. They have passed through the trials of becoming adults, and their lives are about to drastically change. Nobody knows how
